

# Webber<sup>®</sup> Vocalic R B I N G O

**Join in the fun with Webber<sup>®</sup> Vocalic R Bingo!  
2 to 6 Players • Ages 4 & Up!**

## **Contents:**

- 18 bingo boards printed front and back. Boards include: 6 ER, 6 OR, 6 AR, 6 (AIR, EAR, IRE), 6 Prevocalic R and 6 Combo boards.
- 144 calling cards with storage tray.
- Bingo chips (assorted colors).

## **Object of the game:**

Be the first player to get five chips in a row on the bingo board whether across, down, or diagonally.

## **Getting ready to play:**

Separate all of the calling cards. Sort them and place them in the plastic tray according to sound position.

## **How to play:**

1. Decide which sound your students need. The boards are color-coded: Red (ER), Purple (OR), Light Blue (AR), Pink (AIR, EAR, IRE), Green (Prevocalic R) and Dark Blue (Combo).
2. Pass out boards and bingo chips.
3. Players cover the free space with a chip.
4. The caller shuffles the calling cards that match the chosen board position and puts them face down in a pile.
5. The caller draws one card from the pile, reads the riddles, and lets the players guess the answer, or just the picture word can be read aloud. It's okay to show the card picture to the players.
6. The players locate the matching picture on their bingo board then cover that picture with a chip.
7. The first player to cover five pictures in a row across, down, or diagonally calls out "Bingo!" This person is the winner.

## **Variations:**

- Use the calling cards to teach classification. Have the students sort them in categories. (Example: animals, food).
